## 家園同心（三）

### The Scholars' Scoop (3)

## 校長的話

親愛的家長：

3-6 歲幼兒喜歡透過多種感官觀察和體驗事物，並從操作中獲得實際經驗。幼兒會將感受到和做到的轉化成自我反思的經驗，並應用在日常生活中。因此，本園於上學期舉辦不同的興趣活動，包括：繪本工作坊、烘焙班、非洲鼓、桌鈴課程、English Drama、Art Camp 及 STEAM-UP Program，藉以培養幼兒的學習興趣、建立自信，並適當地與人溝通、尊重他人。過程中，更能培養幼兒欣賞、創作和想像力，如戲劇扮演、STEM 實驗、創作活動等，讓幼兒透過親手操作及探索，讓他們學會對事物作出合理的判斷和解難能力。

本園於下學期將會繼續開辦不同的興趣課程，盼望家長及幼兒能積極參與，讓幼兒從而獲得滿足感及建立自主學習的態度。

Children aged from 3 to 6 like to observe, use and learn through their different senses. Through such experiences, young children apply what they have learned and put it to good use in their daily lives. These reasons are the focus for our kindergarten to hold different enrichment classes last semester. These classes include: picture book workshops, baking classes, African drum courses, desk bell courses, English drama, Art Camp and STEAM-UP Program. We aim to cultivate children's learning interest, building up their confidence in order to help them communicate and respect one another. Activities such as drama, STEM experiments and creative activities cultivate children's appreciation, creativity and imagination as children get to make reasonable judgments and solve problems through hands-on experiences and exploration.

In order to gain fulfilment and establish an attitude of independent learning, our kindergarten will continue to offer different enrichment classes next semester. We encourage parents and children to participate in these classes.
